Product Brochure

Paulo

Designed by David Fox

Sometimes simplicity is everything. Simplicity in design, simplicity in build, simplicity in function. Inspired by the clean angular shapes of the Bauhaus movement, Paulo is a workplace lounge range that juxtaposes rigid steel frames with a soft, gentle seat to deliver stunning aesthetics and a unique sitting experience.

Comprising of high and low back lounge chairs, a sofa, and complementary tables, the simplicity of the Paulo range is what makes it beautiful and effective as a solution for any lounge space across workplace, hospitality, and education.

The lounge chairs and sofa utilise elasticated webbing in the seat and back, mounted atop a robust steel frame, whilst the round side table and unique elliptical coffee table complete the ideal workplace lounge range.
